

WALL STREET has an inning now; the people will have theirs later on.

SILVER went down when the Congressmen voted last Monday; watch it go up after the people have voted next fall.

SYCAMORE timber is brittle and not of great price in the market; but a tall specimen ought to command more than a mess of pottage.

It will be a western man in 1896 all right enough, and we are beginning to fear that a grave mistake was made in not selecting a western man for 1892.

THE "tall sycamore of the Wabash" pretended to favor gold, but he made a free silver argument. A desire to get at the "pie counter" has placed Mr. Voorhees in a very undesirable position.

WHILE the majority for unconditional repeal was large, it was not a Democratic majority; it required almost the solid vote of the Republicans in the Lower House to sustain the Administration policy.

CAN any one refer us to a single removal from federal office in Missouri made by the President direct since March 4th last? And yet the people are clamoring for a Democratic administration! Why can't they have it?

JNO. B. DAVIS, for the past six years editor of the Perryville Sun, died at his home August 11th, after a short illness. The deceased was an able young man, and would doubtless have achieved more than ordinary success had he lived to a ripe age.

E. W. HOAG has sold the Poplar Bluff Citizen to E. C. Waterman, late of Jerseyville, Ill. In the retirement of Mr. Hoag, Southeast Missouri journalism loses a talented and progressive man; we trust Mr. Waterman will be able to maintain the high standard of his predecessor.

THE Butler County Agricultural and Mechanical Association will hold its First Annual Fair at Poplar Bluff, Mo., October 18th, 19th and 20th. Liberal premiums. Races each day. Other attractions. Competition open to all. Write the Secretary for Premium List.

E. W. HOAG, Secretary, Poplar Bluff, Mo.

UNCONDITIONAL repeal carried the house by a large majority last Monday. It is thought now that the Senate will soon take similar action. Mr. Cleveland and his followers seem to be in a fair way to saddle the gold standard on this country, and, after all, it appears that the Democratic platform was not promulgated in earnest, but merely as the "glittering catch words of a political convention."

"The Silver question is not a party question," say our Eastern friends. The Tariff question was not a party question for years, until the party was forced to take it up. A caucus of the Democratic party would make the silver question a party question, and the man too big, too smart, and too good, to abide by the decision of the party, as expressed by its caucus, could walk out. Any great question of a political nature is a party question, and nearly every political question of the present has a financial bearing. Let the Democratic caucus interpret the Chicago platform at once.

From Graniteville.

Ed. Register.—Died.—Saturday morning last of liver troubles, Mr. Patrick Higgins, aged about 60 years. Deceased, we have been told, was at one time in well-to-do circumstances, but in later years met with reverses and died almost penniless—he leaves several small children to mourn his loss. The remains were taken to Iron Mountain and laid to rest beside those of his wife, who departed this life several years ago.

Ira J. Kneass, who has been running the Middlebrook railroad office, is again at home, the result of a lay off. Mr. Keeling, the newly appointed County School Superintendent, has been employed to teach as principal in our district school, which will open September 1st. Miss Annie E. Oesterle, who has taught in the primary department for a number of years past, will return home Wednesday from a two months' visit to relatives in Ohio and Kentucky, and expects to be at the helm, also, for another eight months of labor in this district.

No settlement as yet has been made between the quarrymen and companies, although the Schneider Granite Company are working a few non-union laborers and laid in rest beside those of his wife, who departed this life several years ago.

Our school house has undergone some needed repairs during the past week in the way of a porch. Mr. Robert G. Ingersoll strikes well the key note when he says rich men meet in the bank, the clubhouse and parlors. When workmen meet or combine it is in the streets. All organized forces of society are against them. Capital has the army and navy, the legislature, executive and judicial departments, (and we will add "the Pickertons," also. When the rich combine it is for an exchange of ideas. When the poor combine it is conspiracy.

oy. If they act in concert, if they really do something, it is a mob. If they defend themselves it is treason, (as one judge had the temerity to hold not long ago in the Homestead matter). Notwithstanding the Colonel's religious views are not exactly those of the masses of the people, his sympathies are, and ever have been with the poor laboring classes; these are facts that stand recorded and can't be denied.

Mrs. Jas. Beer has just returned home from an extended visit to relatives in Massachusetts and Connecticut.

Mrs. Chas. Hanson visited with Ironton friends several days last week.

Born.—To Mr. and Mrs. William Allen, a daughter, on the 28th inst.

Mr. Samuel Robison and family, who have been living on Dr. G. W. Farrar's farm the past year, will move back to this place again in a day or so.

Several of our townsmen are away on Black River on a hunting expedition at present. Among whom are some of the crack shots, and it is expected that a large haul will result.

Mr. Adolph Brennecke, and family, of Irondale, spent Sunday with relatives in town, guests of Mr. and Mrs. Rob't Trauernicht.

Mr. Sam'l Smith, of Poplar Bluff, visited with Mr. Jas. D. Gresson and family a few days last week.

August 29, 1893. NOVICE.

Des Arc News.

Ed. Register.—We are dry and needing rain very bad.

I. Stamp, of Keener, was in town Sunday.

Our former resident, Wm. Loyd, has returned, and will take charge of the Vulcan section.

Our mills received orders for several cars of lumber last week, and are running now.

J. M. Morris and family left for Virginia last Thursday, to be gone a month.

Bill Kelley's little boy drank about a half bottle of laudanum last Saturday; it came very near killing him but he is better now.

The hoop trade seems to be on the boom. J. R. Grimes has an order for 150,000, and wants them as soon as he can get them.

Business seems to be getting worse on the railroad. Our little agent says if they don't give him something to do, he will resign.

Jake Reese, of De Soto, was down last week.

Mose Long had a little boy arrested last week, because he had taken a 5 cent watermelon. I think they might quit picking on the poor little boys of this town, and arrest people that do something that they ought to be arrested for.

August 18th, 1893.

Ed. Register.—We had a fine rain here Thursday, but not enough; still it helped to lay the dust.

J. M. Morris left for Virginia Thursday.

The saw mills are getting a few orders, and running on about half time.

Mr. Stamp, of Keener was up Sunday, and reports business improving in his section.

Rob't Weast will move to Keener the first of the month, and will open a shop there; there is a fine opening there for a blacksmith.

Sorry to hear of the death of Mr. Jake Ake; it was quite unexpected in this community. As the good book says, "we must watch and pray, for no man knoweth when the hour cometh."

Mrs. Fitz went to Piedmont Saturday to have her teeth extracted.

Our agent, Mr. Homan, was riding down on Big Creek Sunday, and he epied a turtle as large as a peck measure; he caught him and brought him into town, and had a fine dish of soup made of him.

Well, by the time this gets to press, we will know how the drop will fall; they take a vote Monday on the Silver question. Jerry Simpson, (Populist) of Kansas, received a letter from his friends saying, "Jerry, you stand by 16 to 1 until hell freezes over, and we will send you a pair of skates to come home on."

ISAAC.

It should be in Every House.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe" when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at P. R. Crisp's Drug Store. Large bottles, 50c. and \$1.00.

Crane Pond Items.

Ed. Register.—Since my last some few showers of rain have passed over this section of country, but was too late to prevent the corn-crop from being almost a failure.

Mrs. Jake O'Bannon came up one day this week from Arkansas.

Andrew Dubbs, who is working at Mill Springs, came home on Thursday and returned again last night.

Young & Matkins, from Marble Creek, have been balling hay in this vicinity this week.

Rev. Robert Seals and Mrs. E. Keiley were quietly married at Kinche's mill on the evening of the 24th inst.; Rev. Werts officiated. The young people of the neighborhood treated them to a serenade that night. May their future ever be as happy as the present, is the wish of your correspondent.

Miss Emma Hackworth, of Annapolis, has been visiting the family of J. M. Schmitz visited De Soto last week.

BALD HEADS!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

Skookum Root Hair Grower

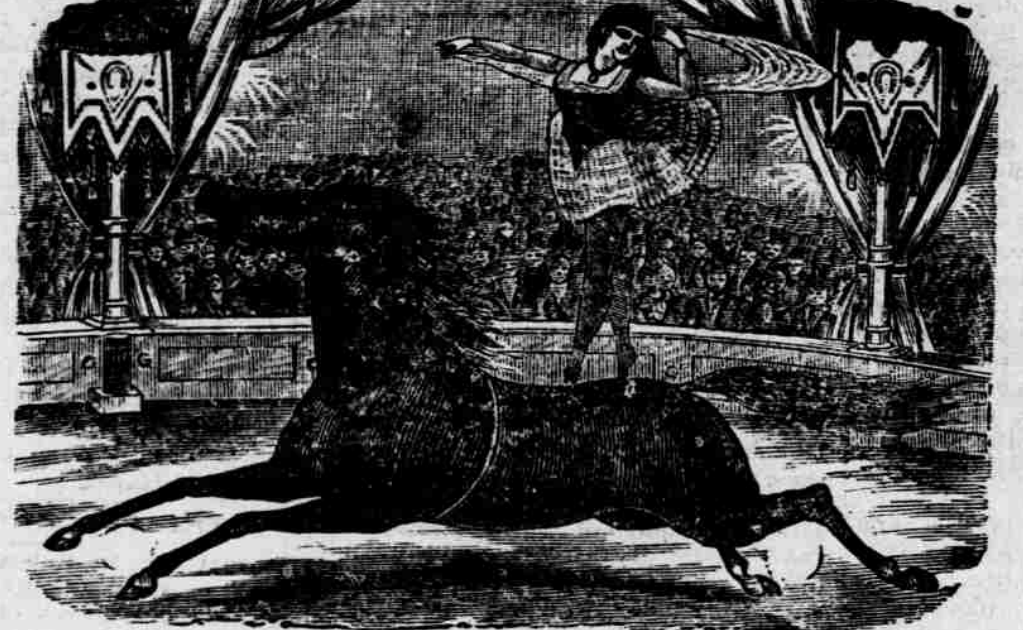

It will not grow, its protection is not an accident, but the result of scientific research. Knowledge of the disease of the hair and scalp led to the discovery of what we have termed "Skookum Root Hair Grower." It is a remedy for the hair, not a dye, but a delicately cooling and refreshing tonic. It stimulates the follicles, it stops falling hair, cures dandruff and grows hair on bald heads.

Keep the scalp clean, healthy, and free from irritating eruptions, by the use of Skookum Root Hair Grower. It destroys parasitic insects, which feed on and destroy the hair.

If your druggist cannot supply you send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle; 5 for \$5.00. Soap, 50c. per box; 5 for \$2.50.

Browne the greater part of last week.

D. A. White has sold his upper farm to William Ellis receiving somewhere about \$1200 for the same, as near as your correspondent could learn.

Jas. Nossett and wife, of Mine La Motte, are visiting the family of John Ellis this week.

Several from this neighborhood went to Annapolis yesterday to attend the trial of Albert Rodford vs. Wm. Nelson.

Last winter while at a party near Des Arc, Nelson cut Rodford with a knife so badly, that he was unable to leave his bed for some weeks. Nelson, thinking he had killed Rodford, left the country immediately and his whereabouts were not known until a few days ago, when it was learned that he was at work at Leeper; the authorities were there notified, and he was sent after and brought back for trial. So far as I have learned, bad whiskey and a girl were the cause of the trouble. The Brunot choir will visit us tomorrow.

August 26th, 1893.

Job-Work of all kinds at this office.

Personal.

Miss Susie McCoun of Farmington is visiting Ironton friends.

A. Winkler was up from Poplar Bluff Sunday.

W. T. Gay was in Fredericktown last week.

Mann Ringo was up from Williams-ville Monday.

Dr. and Mrs. Travis of Cape Girardeau, attended the Sloan-Craige wedding last week.

Walter Newman and Geo. Gay left for Chicago last Saturday.

W. H. Reese has returned from Illinois.

Miss Mattie Jones was in St. Louis Thursday.

Miss Fannie M. Markham is visiting the World's Fair.
